

Further extension of the submission deadline for the 9th Inter-school Competition of Project Learning on Hong Kong's History and Culture

In view of the recent development of the COVID-19 situation and class suspension arrangement, it is learnt that many participating teams would like to have more time to finish the reports and multimedia entries. After careful consideration, the submission deadline of the competition is now further extended from 1 August 2020 to 12 September 2020. Information for interview arrangement, announcement of results, etc. shall be available later.
